Gehl Company Strengthens Partnership with Milwaukee Brewers

WEST BEND, WISCONSIN – Gehl Company, a leading manufacturer of compact equipment used in construction and agriculture applications, has loaned a new Gehl 6640E skid-steer loader to the Milwaukee Brewers to assist with their snow removal and general maintenance at Miller Park.

“We are pleased to be able to assist Miller Park with Gehl equipment,” said Dan Keyes, Gehl VP of Sales and Marketing. “With the record-breaking snow in Milwaukee already this year, we thought that this would be the perfect time to deliver a skid loader to assist the Brewers’ maintenance crew in clearing the parking lots and sidewalks for visitors to Miller Park during the holiday season and for their upcoming events.”

The skid loader loaned has a fully enclosed cab with heating and defrosting, and the Gehl PowerView® lift arm. Attachments included a 74” bucket and a 72” hydraulic-powered angle broom for cleaning sidewalks and parking lots.

“Not only will the Gehl equipment help us out through the heavy snowfall this holiday season, it will be an asset to our Grounds Crew all year long,” said Rick Schlesinger, Executive Vice President – Business Operations for the Brewers. “We appreciate the Gehl partnership and look forward to a terrific 2008.”

Gehl Company (NASDAQ NM: GEHL) is a manufacturer of compact equipment used worldwide in construction and agricultural markets. Founded in 1859, the Company is headquartered in West Bend, Wis., with manufacturing facilities in Madison and Yankton, SD. Gehl Company information is available at (www.gehl.com) or contact: Gehl Company, 143 Water Street, West Bend, WI 53095 (telephone: 262-334-9461).
