

THE NEXT **BIG** THING

650 & 750 ARTICULATED LOADERS

HIGH BUCKET BREAKOUT • Some of the highest breakout forces in their respective classes allows maximum loads, increasing productivity output.

TURN HEADS • Articulated steering, with turning angles up to 45 degrees, is ideal for loading and unloading in tight quarters.

POWER-A-TACH® • The Power-A-Tach® hydraulic attachment system is standard equipment and features a skid steer interface to utilize a variety of attachments.

ALL-DAY COMFORT • A seven-way adjustable seat, multi-function joystick, fully-adjustable steering column and cup holder are just a taste of the ergonomic features available in the cab.
