

## **Gehl R Series Skid Loaders**

(30 sec.) Radio Script

There's a new evolution in Gehl skid loaders; the R Series. These full-sized, radial-lift powerhouses are a result of 40 years of skid loader design and manufacturing. Gehl R Series skid loaders can lift up to 2,600 pounds over 10 feet in the air. Amped-up auxiliary hydraulic systems power an array of attachments and the new innovative cab design offers unsurpassed comfort. With the new Gehl R series skid loaders you can move more material, engage more ground and get more work done in less time. Call DEALER NAME at 999-999-9999 for more information.

Gehl. Driven Since 1859.
