

Gehl Vertical-Lift Skid Loader

(30 sec.) Radio Script

Gehl is reaching new heights with their new Vertical-Lift Skid Loaders. These full-sized, vertical-lift kings feature capacities from 2,700 lbs. (1225 kg) to 4,000 lbs. (1814 kg) and lift heights over 12 feet. Equipped with amped-up auxiliary hydraulic systems, the Gehl Vertical-Lift Skid Loaders power an array of attachments to increase your machine's versatility. A new, modern cab design offers unsurpassed comfort and visibility. With the new Gehl Vertical-Lift Skid Loaders, you can move more material, engage more ground and get more work done in less time. Check out the next generation today at **DEALER NAME AND PHONE NUMBER** to test drive a Gehl Vertical Lift Skid Loader today.

Gehl. Driven Since 1859.
